BNRC and the Berkshires

For more than 50 years, Berkshire Natural Resources Council (BNRC) has been committed to conserving and maintaining forests, farms, fields, and trails in the Berkshires to protect wildlife habitats and connect people with the land.

BNRC is driven by people working hard to keep the Berkshires beautiful. Some **volunteer** for trail upkeep and other landkeeping tasks. Some **donate** their land, or place conservation restrictions on it to ensure that this unique terrain is protected forever. Some **contribute** to BNRC to preserve these lands for all to enjoy.

To learn more about how you can get involved, please use the information on the back of this brochure to contact us.

The High Road

A Vision for a
Walkable Berkshires

The High Road is a long-term, major conservation initiative of BNRC, made possible by generous donors and land partners.

The High Road will make connections from towns to trails and along clusters of conservation land, allowing hikers to explore the scenic Berkshires. Yokun Ridge, from Pittsfield to Lenox, is the first High Road route to open.

For current route information visit
bnrc.org/thehighroad.
